08/03/01 R00-02-005 Order Instituting Rulemaking on the Commission's own motion into reciprocal compensation for telephone traffic transmitted to Internet services providers modems

Summary: On August 2, 2001, Timothy McCallion, President of Verizon California Inc. (Verizon CA), met with Fassil Fenikile, advisor to Cmmr. Duque, Jonathan Lakritz, advisor to Cmmr. Wood, and Trina Horner, advisor to Cmmr. Lynch, in three separate meetings in San Francisco. At the meeting with Jonathan Lakritz also present was Richard Chapkis, counsel for Verizon CA. Verizon CA stated the instant rulemaking should be closed because the Federal Communications Commission (FCC) has established a comprehensive regime setting forth the rates, terms and conditions for the delivery of Internet-bound traffic and, having done so, has assumed exclusive jurisdiction over rates and ratemaking for such traffic. Verizon CA urged the Commission to reject the efforts of Pac-West and Focal to establish a mechanism to implement the FCC's Order on Remand, because these efforts are nothing more than a thinly veiled attempt to keep the reciprocal compensation gravy train on the tracks for as long as possible.

Summary: LATE FILED. On July 27, 2001, Karen Potkul, Vice President of Regulatory and External Affairs of XO California, Inc. (XO), had a telephone conversation with Robert Wullenjohn, advisor to Cmmr. Brown. Melissa Waksman, Director – Regulatory, also participated in the conversation. Potkul and Waksman explained that XO believes that the Commission needs to order limited Operations Support Systems re-testing in order to assess Pacific Bell's (PacBell) ability to handle orders for DS1 facilities that are ordered through Pacific Bell's EDI interface. Potkul and Waksman discussed the problems XO continues to experience with PacBell's performance with respect to the repair and maintenance of DS1 facilities. Potkul and Waksman stated that XO continues to find that it must escalate DS1 troubles in order to get PacBell technicians dispatched and that there are frequent repeat troubles on DS1 repairs. Potkul and Waksman also explained the need for PacBell to provide XO with DS2 EELs at UNE rates, and urged the Commission to evaluate the price PacBell charges for UNE DS3 loops. Potkul and Waksman stated that XO was disappointed with PacBell's unwillingness to consider any type of expedited binding arbitration process.
